## Magic Seeds

It is never too late to start thinking about the garden you keep. What garden, you ask? The garden you cultivate in your mind. That garden is a year-round garden that grows all kinds of things.

Every thought and action becomes a seed that gets planted in the consciousness of your being. Just look at your harvest and you'll quickly discover what kind of seeds were planted and cared for.

If your garden is not producing the type of harvest you would like then try planting some of these magic seeds: the seeds of praise and thanksgiving. It's amazing how a few words of praise or a simple gesture of thankfulness can turn someone's life around.

Remember how good it felt to be on the receiving end of being praised or given words of thanks? These seeds, when planted in great quantities, can choke out any weeds that may try to ruin your harvest of blessings.

Happy Harvesting!

Prayer is one of Unity's principal activities. We are here to pray with you for all your prayer needs. Call, write, or email us at anytime. We hold all prayer requests for 30 days and then send them to Silent Unity for another 30 days. Prayer works, if you let it!

Someone once asked me why it's so hard to remember our real self—our spiritual nature? The simplest answer is of course EGO: the activity that edges god out.

*"Enlightenment is the ego's ultimate disappointment,"* says Tibetan Buddhist, Trungpa Rimpoche..

If we are to enjoy the fruits of our labors and find blessings of every good kind in our lives and affairs then we must practice letting ego follow and never allow it to lead.

Jesus informed the people to go to God first in prayer and then to man as directed. In other words go to your spiritual headquarters and get the "truth" about your situation, circumstance, or challenge and then go to those you are guided to for help and assistance.

As we learn to depend upon our spiritual nature more the less influence ego will have on us and our decisions in life. As we surrender to our higher self we will become more enlightened and better able to live a life of well-being.

During the month of October practice affirming you and God are in partnership and when ego tries to control your outcomes let it know God's in charge now, and you follow Spirit.
